

SCHOOL PROGRAMS 2021

@ the Creston Valley Wildlife Management Area (CVWMA)

ELEMENTARY PROGRAMS

ONSITE PROGRAMMING @ CVWMA

K-1: Nature Explorers, Using our Senses

Explore, observe and learn about the ever changing wetland and the plants and animals that live here by using your senses...

Gr.2-3: Water, Water Everywhere

Discover the water cycle and how the wetland plays a vital role in maintaining clean water

Gr 4-7: Adaptations to Life in a Wetland

We will showcase the amazing adaptations plants and wildlife have to survive, reproduce and interact in the wetland ecosystem!

Programs include a guided walk and dip netting activity

Cost: \$4 per student • Duration: 1.5 hours

HEALTH AND SAFETY IS A PRIORITY

We have developed COVID Health and Safety Protocols to guide program delivery and to make sure we are all feeling safe and secure.

For more details, please get in touch with us.

CANOE TOURS (Gr. 4+)

Part the cattails to look for nests, taste some wetland treats and learn more about the plants and animals that live here. Add this onto our other programs for a fun filled day!

Cost: \$5 per student • Duration: 1 hour

*Our **NEW** voyageur canoes come from the same mould as the ones used to race across Canada for the 1967 Centennial. A piece of Canadian History!*

How to Book

Phone: (250) 402 6905

Email: education@discovery-centre.ca

Please provide choice of 2 dates, class size & school/teacher contact information
