

Seasonal position:  
**Wetland Naturalist**  
May 3<sup>rd</sup> to September 4<sup>th</sup>, 2021  
**Kootenay Columbia Discovery Centre Society**

Do you have a love of nature and science? Are you passionate about inspiring people about the natural world? As a **Wetland Naturalist**, you will motivate, inspire, and connect children and adults to the wonderful world of wetlands by providing quality environmental education programs and front country excursions at the Creston Valley Wildlife Management Area.

### **About the Location and Organization**

Located south of Kootenay Lake in the Kootenay Rockies Region of southern British Columbia, the Creston Valley Wildlife Management Area (CVWMA) is a magnificent 17,000-acre internationally designated Ramsar wetland. The **Kootenay Columbia Discovery Centre Society (KCDCS)** operates an Interpretation Centre located within the wetland. To support the visitor experience and help create positive long-lasting memories and interest in wetland conservation, the Centre offers educational exhibits, engaging curriculum-based school programs, stewardship programs, canoe and walking tours, nature trail programming, educational displays and a hands-on science lab.

Each season we offer post-secondary students and those interested in environmental education the opportunity to train as Naturalists and join us in showcasing this special wetland to visitors. To find out more about the CVWMA visit [www.crestonwildlife.ca](http://www.crestonwildlife.ca). To find out more about KCDCS, visit [www.discovery-centre.ca](http://www.discovery-centre.ca).

### **Responsibilities**

- Facilitate and lead school and youth environmental education programs
- Interpret natural history and conduct guided canoe and walking tours
- Develop and deliver interpretive programming for day camps and special events
- Effectively explain the purpose and management techniques of the CVWMA as well as wetland ecology and wildlife to visitors and program participants
- Interact with the general public in a professional and courteous manner
- Prepare daily wildlife sighting reports
- Perform key holder and maintenance duties around the Interpretation Centre and trails

### **Qualifications**

- A bonus if you are enrolled in and returning to a post-secondary training program in a related field, including **natural and environmental sciences, biology, education, resource management, tourism and recreation**
- Enthusiasm for learning and teaching about the natural world and experience in outdoor recreation activities including bird-watching, canoeing and hiking
- Creative, flexible, motivated and outgoing with strong verbal communication skills
- Ability to work as part of a team and individually

- Experience working and interacting with the public, children and youth in an engaging and enthusiastic way
- Experience with program development and delivery related to the environment
- Valid Standard First Aid certificate
- Valid Criminal Record Check under the Criminal Records Review Act for working with Children & Vulnerable Adults

## **Training**

During the first week of employment, Wetland Naturalists receive mandatory training covering: CVWMA's history and conservation; wetland biodiversity and bird ecology; marsh management; and interpretive strategies and educational values. Training and learning opportunities continue throughout the season as new programs are added and the wetland landscape and wildlife viewing opportunities change. Job shadowing, team teaching, supported delivery, and observed and evaluated practices are utilized to provide feedback and create a well-rounded experience to the Naturalists.

## **Position Dates**

The Wetland Naturalist position is seasonal from **May 3<sup>rd</sup> to September 4<sup>th</sup>, 2021** (40 hour work week/schedules overlap weekends). Candidate must be available from May 3<sup>rd</sup> through 7<sup>th</sup> for training.

## **Wage**

The wage is \$16.00 per hour (temporary, full-time position).

## **Closing date: March 5<sup>th</sup>, 2021**

Please apply with a **resume** and **cover letter** specifying how your skills and experience would make you an ideal candidate for a Wetland Naturalist position.

Submit your documents to: **Carla Ahern**, Senior Manager at KCDCS
